Feedback

Suggestion for the future development of the Alumni Association *

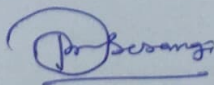

Alumni meet should be organised in every 6 months with an agenda. A day long seminar can be organised with special lectures based on important social issues.

Suggestion for the overall development of the College *

College premises has developed a lot, we were overwhelmed by the greenery in the campus. It's indeed a great effort by the college authorities, staff and students. However, it would be better if college comes up with an well equipped Auditorium for conducting seminars, cultural programs and other events of academic interest.

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

In the past two years I've seen that our college is well equipped in almost all domains. However, if I were to suggest I would say the college could encourage more field trips and excursion for it is one of the great strategies to facilitate the teaching learning process.
